## Technical specifications

**Dimensions (L x W x H): 148 mm x 360 mm x 360 mm**

**Dimension D: 575 mm**

**Weight (kg): 4.5 kg (empty)**

**Power supply: DC 24 V / 5 A**

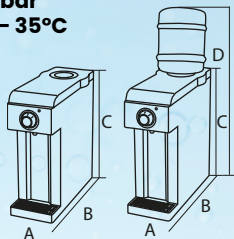

**Operating pressure (min. – max.): 1 bar – 5 bar**

**Operating temperature (min. – max.): 5°C – 35°C**

**TDS (min. – max.): 10 ppm – 150 ppm**

**Hardness (max.): < 5°HF**

**Chlorine: Chlorine-free**

## Kinetico Export

Kinetico was founded in 1989 out of a direct sales company in order to meet a growing market such as research, manufacturing and distribution in the water treatment area.

Our main aim is to meet our clients' needs by improving their quality of life and the water they use at home, at work or in the industry, as well as preserving such a valued element.

Kinetico invests on R+D+I (Research + Development + Innovation). We have our own laboratory, where water is analysed in order to control the quality in all our products and services.
