

HAVING QUALITY WATER HAS NEVER BEEN SO EASY

QUALITY WATER

Filters remove sediment, chlorine and other solids, as well as organic compounds and microorganisms, so that the only thing you care about - water free of tastes and odours - prevails.

A SMART EQUIPMENT

The front LED panel of the O-Direct 800 PRO indicates the status of the filters and the water status, ensuring maximum performance of the unit at all times. You have pure water when you need it, no more, no less.

LEAK DETECTION SYSTEM

With O-Direct 800 PRO you only have to worry about turning on the tap when you need it. And when you turn it off, it will work to detect leaks and automatically lock itself so there are no surprises.

MAXIMUM PERFORMANCE

It incorporates an automatic membrane cleaning system, which prevents clogging, extends its useful life and ensures that the water is always of the highest quality and best taste.
